

Home Hazard Assessment Service

At SCH your safety and wellbeing is our priority. Our Wellbeing service offers you a free home visit to check for hazards and make sure your home is safe. After the assessment, we'll make a recommendation on how any risks can be reduced or removed. Examples of the improvements we offer include: fitting personal alarms, grab rails, bed levers and fixing loose carpets or easing doors. Our service is open to Solihull residents aged over 18 years, having a risk of falls.

Assess your risks

We will:

- Have visiting staff who are 'Trusted Assessors' highly-trained in assessing and creating solutions to meet your specific needs.
- Make it easy for you to request a home safety check by calling our contact centre on 0121 717 1515.
- When you contact us, we'll take time to talk and understand your home safety concerns.
- We'll give you the name of our friendly and helpful officer, who will visit you in your home to assess for risks of slips trips and falls.
- We'll discuss and create a solution tailored to your need, such as bed levers, toileting and bathing aids, perching stalls and other equipment that will help you to be safe in your home.
- We'll place orders for your equipment and give you a timescale for work to be completed.
- We will contact you within 5 working days of the Trusted Assessor assessment to make an appointment for rails and bannisters to be fitted.
- Make sure that our contractors treat your home with respect, work safely and minimise any disturbance to your comfort and wellbeing.
- Ensure you're satisfied with the adaptations and that they meet your needs.
