

Green homes and sustainability

Ways to get involved:

- **Environmental Sustainability Forum** – Work with us to help improve our impact on our local environment.
- **Estates Walkabouts** – you can work with our staff to walk around a particular road or area to look out for fly-tipping, graffiti and anything else that needs to be reported.
- **Green Forum** – you can share your gardening knowledge and skills with other residents to help them look after their gardens, support with litter-picking in your area and help us develop new ideas.
