Fire Safety Package

Our Fire Safety Package can be added to your Safe & Sound or Safe & Sound Lite Plan to give you extra protection at home.

The service enables you to live independently in your own home, giving you and your loved ones peace of mind that in the event of a fire emergency, help will automatically be contacted.

Your Fire Safety Package offers you all the benefits of your Safe & Sound or Safe & Sound Lite Membership plus:

- A Fire Safety review of your home and personal hazards to identify any potential risks
- Help and advice on what to do to reduce and avoid these risks
- Supply and fitting of a smoke detector linked to our “always on” 24 hour response service
- Review of your plan to ensure the service continues to meet your needs
- Advice on useful equipment, aids and adaptations for you and your home, to help support you to remain independent with everyday tasks
